COAL MINERS AND OPERATORS PREPARE FOR WAGE SESSION

Conference Opens In Washington Friday Afternoon.

NEW CONTRACT SOUGHT

Neither Side Is Ready to Make Large Concession.

BULLETIN

WASHINGTON, Nov. 14. — It will be sixty days before normal coal production is resumed despite the peace conference which the secretary of labor has called into session today, William C. Green, secretary treasurer of the United Mine Workers of America declared when he arrived here.

The miners will not return to their work until a new agreement is made with the operators in the conference, Gree predicted. He declared that any agreement made in the conference would have to be ratified by a convention of the miners.

WASHINGTON, Nov. 14.—Coal miners and operators prepared themselves today for a long drawn out struggle over wages and working con ditions.

Secretary of Labor Wilson's conference of miners and operators, resulting from the strike, was ready to get under way with both parties letting it be known that while they were ready for negotiations they were not ready to make large concessions.

The miners arrived here full of hope and insisten upon thei demands for a new contract.

The operators announced that the Washington wage agreement would be taken up and as this is the bone of contention it was predicted that it might take some time to get down to the real business of negotiation.

Secretary of Labor Wilson has deferred the opening of the conference until 2:30 this afternoon because John L. Lewis and other leaders of the miners will not arrive her until after noon. Many of the representatives of the operators, coming from far western points, will not arrive until late tomorrow and there was a general movement under way to make today's session merely a formal one and to defer work until Monday, when

DONALD S. ANDREWS' DIVORCED WIFE ENDS HER LIFE IN LONDON

Alma V. Steane, Recently Married to British Army Officer, Drinks Poison---Mystery Which Veiled Her Death Lifted When Husband Testifies at Coroner's Inquest.

By EARLE C. REEVES

LONDON, Nov. 14.—"Suicide while of unsound mind," was the verdict returned by a coroner's jury today at the inquest over beautiful 28-year-old Alma V. Steane, wife of a British army officer, who died under tragic circumstances in her luxurious West End apartments Wednesday morning.

Mrs. Steane, whose second husband was Donald Shields Andrews, at one time a resident of East Liverpool, Ohio, took her life with prussic acid.

It was not until the husband, Captain Anthony Steane, took the witness stand that the mystery which had veiled the tragedy was lifted.

"Oh, Tony, I have done it this time," cried Mrs. Steane to her husband as he rushed into her sleeping apartment in response to her screams, Captain Anthony Steane testified. That was between 3 and 4 o'clock Wednesday morning, after they had returned from the second Victoria ball at Claridges.

Captain Steane said that there had not been any quarrel between his wife and himself. He gave a dramatic description of the death scene and final parting.

Andrews Was Wed Under Romantic Circumstances

Donald Shields Andrews, the second husband of Mrs. Alma V. Steane, pretty wife of a British army officer, who committed suicide in London, is well known in East Liverpool.

Young Andrews and his former wife were married under romantic circumstances at Mamoreneck, N. Y., in 1915. The marriage was of short duration.

Andrews, who was a graduate of Yale, was a son of Matthew Andrews, who formerly resided in East End. The elder Andrews now lives in Cleveland. He was a business associate of the late Mark Hanna. He left here about 18 years ago.

Describes Death Scene

"I did not understand what had happened," said he. "After my wife called to me I entered her bedroom. She was taking a drink of water. She extended her arms to me and exclaimed: 'Tony, kiss me for the last time.' It was not until then that I knew what she had done."

Mrs. Steane was often hysterical, her husband said, and during these spells she thought she could hear her mother calling to her from the Great Beyond.

"At those times Alma said she wanted to die," continued the husband. "My wife always believed that her parents had committed suicide."

Mrs. Steane was moody during the Victoria ball and did not dance at all. She and her husband drank one bottle of champagne between them, he testified.

Captain Steane told vaguely of some occurrence in his wife's flat. He did not know the details. He went on to say she had told him of the sad affairs in her life. It developed that her first attempt at suicide was made after her engagement had been broken with another unnamed man.

Mrs. Steane was found of claiming that she was the daughter of Prince Rudolph of Austria, and that her young son was the rightful heir to the Austrian throne, but this was never officially substantiated.

Captain Steane said that this was not the first time his wife had tried to end her life, for she was subject to fits of despondency that were in deep contrast with her usual gayety of spirits.

Among the witnesses called was Lord Willoughby de Brooke, who had known Mrs. Steane. The testimony showed that the young woman was not an American, as many believed, but a German-Pole by birth. She was taken to the United States when she was six years of age and spent her early life there.

Mrs. Steane's first husband was George Osborn Hayne, a Canadian, to whom she was married at the age of 17. Their marriage was of short duration and afterwards Hayne served in the British air service.

The youth and beauty of the victim, her popularity in high society circles and the similarity of the circumstances of her death to those of Billy Carleton last year combined to make the case the most sensational the fashionable West End has ever known.

Captain Steane and his wife had only recently returned from their honeymoon.

UNCLE SAM TO SPEND CASH ON OHIO IF DAILY PACKETS RUN

Improvements Will Be Made On Public Terminals.

INSPECTION COMPLETED

Col. H. B. Ferguson and Party Return to Pittsburgh.

Improvements aggregating several hundred thousand dollars will be made on public terminals along the upper Ohio river in the event daily packet and freight service is established, Lieut. Col. Harley B. Ferguson of [illegible]urg declared Friday upon his return from an inspection of Ohio river ports between Pittsburg and Steubenville.

Colonel Ferguson and a party of associate engineers arrived in East Liverpool Wednesday morning aboard the U. S. steamer Swan. They were met by a delegation of representative citizens headed by President Joseph Betz and Secretary W. [illegible]—Lewis of the chamber of commerce.

Col. Ferguson interviewed municipal officials and prominent shippers in Rochester, Pa., Freedom, Toronto, Empire and other down river ports during his brief survey. He was told that extensive improvements would be started at once if adequate transportation facilities are assured.

The steel hull towboat Clyde which passed here a few days ago en route from Chicago, Ill., to Pittsburg, is now heading back down the river with four barges consigned to the Tennessee and Cumberland river systems of the Arrow Transportation company. Two barges intended for the use of United States engineers in the Kentucky river are also included in the Clyde's tow.

The Clyde had a narrow escape from being wrecked on her trip up the Ohio river this week. The steamer attempted to pass through dam No. 22 as the wickets were being raised. A barge loaded with coal, used to provide fuel for the boat on its long trip, careened off the wickets and before the boat and its tow could be righted the engine room of the steamer was [illegible]d with water to a depth of a foot and a half. Members of the crew said that the pilot blew for the lock not knowing that the dam was down, and before the fact could be learned the boat was on the wickets. The steamer was only slightly damaged. Capt. Frank Lindsey and Capt. Steven Davis are piloting the Clyde between Pittsburg and Louisville.

[illegible] the princess last August, when they brought the body of the late Mrs. Draper, but was obliged to return to Italy.

SIX SCHOOLS "OVER TOP" IN MERCY DRIVE

RETURNED SOLDIER AND GIRL ARE NEAR DEATH

BUCYRUS, Nov. 14.—Leo Sharp, 27, returned soldier, and Miss Gertrude Heil, 20, are near death in a local hospital as a result of a tragic shooting last night when Sharp is alleged to have shot the girl three times and then attempted his own life.

According to the police Sharp went to the home of the Heil girl and called her to the front door. After upbraiding her for keeping company with other men he is said to have pulled a revolver and fired three times, all of the shots taking effect. He then ran to a vacant lot nearby and fired a shot into his body intended for the heart but which passed just beneath that organ.

FEUSTEL CASE IS POSTPONED

Arguments on Change of Venue Motion Will Not Be Heard Monday.

CONTEST OVER VOTE CAST IN STATE NOV. 4 SEEMS CERTAIN

Instructions Forwarded to Columbiana County Election Board.

FIGHT ON RATIFICATION

National Prohibition Was Given Majority of 3,457 In County.

Official notification to preserve all ballots on state-wide wet and dry issues cast in Columbiana county at the general election, Tuesday, Nov. 4, pending a possible recount was received Friday morning by L. S. Gilmore, clerk of the board of elections, from Harvey C. Smith, secretary of state, at Columbus.

Secretary of State Smith stated in his letter that a recount of certain state-wide proposals had been demanded and advised that proper precautions be taken to preserve intact all ballots cast in this county. He instructed Clerk Gilmore to allow no person access to the ballots until he received further notification from the office of the secretary of state.

Enclosed in the communication from Columbus was a copy of the formal request filed with Secretary of State Smith by C. L. Dickey, a taxpayer, of Columbus, demanding a recount of all ballots cast on ratification of national prohibition. The request was framed by J. A. White, state superintendent o fthe Ohio Anti-Saloon league, acting in the capacity of a notary public.

If a subsequent order to recount all ballots cast in Columbiana county on the resolution to ratify national prohibition is received by election board officials here from Columbus, it will mean the re-tabulation of approximately 14,773 ballots. Columbiana county's vote on the proposal was 9,115 yes and 5,658 no, or a majority of 3,457 for the drys.

When the first official count of the proposal was made public the vote stood "yes" 7,115 and "no" 5,658. An error in tabulation was later discovered by Chief Deputy J. S. Hilbert which gave the drys an additional 2,000 votes in this county.

both sides will be fully represented.

Hotel corridors were buzzing here today with talk of coal. The conference will have more than 150 members and there is a large staff of aides The operators have brought to Washington their best legal talent and are prepared to argue their case as in court. The miners also are represented here by some of their most astute attorneys.

Attorney General aPlmer today was ready to bend every effort to see that conditions in the coal fields do not lead to trouble while the conference is in session. The department of justice was investigating reported "overt" acts by both the miners and the operators. The attorney general gave indication that an inquiry should be made of charges that miners returning to their work in Alabama were being discharged because they had gone on strike. Instructions for investigation also were given concerning reports that union miners in Illinois had driven caretakers from the mines.

WASHINGTON, Nov. 14.—The government will seek injunctions against agitators who attempt to prevent coal miners from returning to their work in accordance with the order issued by Judge Anderson in Indianapolis the department of justice announced this afternoon.

Attorney General Palmer this afternoon instructed all district attorneys to use every effort to secure injunctions against any who preach defiance on the court order.

NEGRO SHOT IN STREET BATTLE

Mob of Whites Wreck Homes of Negroes In Wilmington, Del.

WILMINGTON, Del., Nov. 14.—In a street battle today in which man shots were fired, Dillard Fields, a negro, was shot through the hip. Afterwards a mob of whites stormed the negro quarter, wrecking a number of houses. The fight was a sequal to the action of the police in spiriting Lemuel and John Price, both colred, to Philadelphia after they had been held for the grand jury for the murder of Policeman Thomas Sebly.

The negroes were spirited away for fear they would be lynched.

When this became known a crowd of whites made a demonstration At tenth and Walnut streets two negroes, Fields and "Buck" Hayes, were encountered. Hayes is said to have bebun the trouble by opening fire. In the confusion he escaped.

Police armed with riot guns protected the jail last night while the inquest over Sebley was being held.

We Haven't an Axe to Grind

It isn't a selfish motive that prompts us to steer you away from poor quality clothing this winter—it's a duty that we owe to our customers and to our competitors.

We are in sympathy with any other good store in this or any other city that maintains a high standard and quality in these uncertain times—but we detest any set of underhanded methods that tend to lower the good name of the retail clothing business at large, for we are retail clothiers and happy to say we are proud of our profession as a professor is of his prefix.

A cheap suit today isn't as good as the cheap suit of yesteryear and the advertisement that quotes good clothing this winter at 1914 prices is the worst kind of an insult to American intelligence.

WOMAN HELD ON SERIOUS COUNT

Charged with intimidating Laura and Carrie Labus, aged 12 and 15 respectively, state witneses, and attempting to force them to perjure themselves when they are brought before Common Pleas court to testify against their father Bert Labus, Mrs. Laura Labus, aged 60 years, of Canton, mother of the accused man, was placed under arrest at her son's home in East Springfield and Friday was confined in the Jefferson county jail at Steubenville.

Bert Labus, Jefferson county farmer,, is accused of having abused his two daughters. Following his arrest, it is alleged, his mother went to East Springfield from Canton and tried to compel the two girls to change their stories and save their father from a heavy sentence.

On receipt of numerous complaints Prosecutor Roy Carpenter investigated the case and found that Mrs. Labus was seeking to have the girls appear in probate court, admit they lied about their relations with their father and submit to being sent to the reformatory. It is alleged the girls were threatened with bodily injury if they didn't comply with Mrs. Labus' demands. The girls appealed to the neighbors for aid. It is alleged that threatening letters were written by Labus and carried by his mother to the girls.

JUDGE CRAWFORD TO SPEAK AT SUPPER

Probate Judge Samuel Crawford, of East Liverpool, will speak at the supper to be given by the members of the Men's Bible class of the First United Presbyterian church Thursday evening, November 20, it was announced Friday by Rev. Robert W. Ustick the pastor.

In addition to the address by Judge Crawford it is probable that short talks will be given by members of the organization.

All plans have been completed for the special services Sunday evening at the church, when the service flag will be taken down. Attorney Russell Miller, of Pittsburg former fighting man, who spent many months with the boys in the trenches, will talk about the American soldiers' experiences in the world war. Special music will be rendered.

Members of the "New World Movement' committee of the Steubenville presbytery will assemble at the First United Presbyterian church in East Liverpool Friday night, announced Rev. Ustick. Supper will be served at 6:30 o'clock. Rev. H. A. Kelsey, of Cambridge, formerly pastor of the East Liverpool United Presbterian church will make the prinicpal address and committee members will make reports. At 7:30 o'clock the meeting will open to the public.

Entertained Class.

Members of her Sunday school class were entertained on Thursday evening at the home of Mrs. Stephen Johnson, of the First Christian church, in Broadway. Following the business session a social hour was enjoyed.

OLD FASHIONED CARNIVAL IN LOCAL HIGH SCHOOL

Under the auspices of the members of the staff of the high school paper here, an old fashioned carnival will be staged in the high school building Friday evening, it is announced.

The fat woman, the snake charmer, the trained pony, the educated dog, and the three beautiful wives of Bluebeard will be among the exhibits. Three renowned auto racers will also entertain visitors.

On the "midway," or second floor, the "old maids" will hold their convention. Light opera will also hold sway here. Captain James Turner's minstrel show will be one of the features of the carnival.

The funds derived from the carnival will assist students in publishing the annual paper.

The Georgia Tech All-Stars, junior football team here, has issued a challenge to football teams in Chester, Newell, East Liverpool, East End, Empire, Toronto, or Wellsville for a game on Thanksgiving day. Arrangements can be made by calling Charles Pignatore, Fourteenth street.

MACHINISTS TO VOTE ON BILL

Within the next week approximately 350,000 members of the International Association of Machinists will vote on the Cummins Bill, now pending before Congress.

Ballots have been received by members of the organization of the Wellsville shops, stated F. L. Clendenning, secretary of the Wellsville local, and the vote will be taken next Tuesday, it was announced.

The machinists will vote on one clause in the Cummins bill which prohibits strikes.

Ballots have also been sent to the machinists at Bellaire, Mingo Junction New Philadelphia and to the Euclid avenue shops and the Cleveland shops at Cleveland, all members of the Wellsville local. Following the vote the ballots will be forwarded to William Johnson, president of the machinists' union.

All machinists who are employed by railroad companies in the country will vote first on the Cummins bill, said Clendenning, following which the contract workers will vote.

ORDERS ISSUED TO SEAL MINE AT AMSTERDAM

After a hard fight lasting over two weeks, to drown the flames raging in the Y. & O. mine at Amsterdam, Jefferson county, the fire-fighting crews have been withdrawn, it is announced, by orders of Chief State Mine Inspector Jerome Watson and orders given the company to seal up the mine.

It is thought that possibly within ninety days the fire will burn itself out and in that event steps will be taken to re-open the shafts. The sealing of the mine is a blow to Amsterdam miners as it forces out of work approximately 400 employes.

Injured Man Recovering.

John Atwell, bricklayer employed by the Trimble Construction company here, who was taken to the East Liverpool city hospital Thursday afternoon, was said to be improving Friday.

Atwell was injured when he fell from a scaffolding upon which he was working at the Pennsylvania roundhouse.

No More Catarrh

This Simple Home Treatment Has Stood The Test of Time.

Every fall and winter, for more than twenty years, thousands of people have made it a daily practice to breathe the air of Hyomei and so keep themselves free from Catarrh, Coughs Colds, Bronchitis, Sore Throat and Influenza.

This is certain and you should try it. If you will breathe Hyomei daily as directed, it will free you and keep you free from all these troubles or it won't cost you a cent.

Bulger's Pharmacy or any any reliable drug store can supply you with the Complete Hyomei Outfit, including a hard rubber pocket inhaler. The inhaler will last a life time and extra bottles of the liquid Hyomei cost but a few cents. A few drops of oil in the inhaler will last for days and its pure, soothing, antiseptic, healing air, breathed deep in the air passages of your nose and throat, should keep you free from coughs, colds, influenza and catarrh all winter long. Pleasant to use, takes but a few minutes daily and is guaranteed to satisfy or money back.

THE PLAYGROUND QUESTION.

What is East Liverpool planning to do with her playground next year?

This is the thought suggested as a result of a discussion of the question at the annual meeting of the City Federation of Women's Clubs.

If East Liverpool children are to have the benefit of playgrounds next summer, now is the time to get busy. Because of lack of funds, the city failed to open the lot at Second and Washington streets, purchased at a cost of several thousand dollars, last summer. Appropriations for the first half of next year will be made by the incoming council, which takes office early in January.

Whether funds will be available from the city exchequer to meet the expense of opening the playground downtown and possibly a lot in East End next year is problematical, for indications are that it will be necessary to curtail in order to meet the cost of operating the municipal government.

And if the city cannot provide the funds, what then? Well, East Liverpool had playgrounds and operated them successful before the city invested in a playlot. If the city funds are too scanty to permit an appropriation for the re-opening of the lots, why not ask some civic organization to consider the problem?

The club women of East Liverpool have always manifested deep interest in the playrgound movement and to them is due the major part of the credit for the establishment of these open air places where children may congregate and enjoy themselves under the watchful eye of a supervisor. Why not ask them to devise some means of providing funds for the re-opening of the playlots?

There is no question of the readiness of East Liverpool people to respond to any movement which would mean the re-opening of the playgrounds.

WISE IMMIGRATION POLICIES.

The new immigration bill reported to the house provides that immigrants hereafter must furnish evidence of ability to speak and read the English language, and also of attachment to the principles of the Constitution of the United States.

This, it may be presumed, will free the United States government in the future from the disagreeable duty it is now performing, of rounding up hundreds of aliens as enemies of America and shipping them back where they came from. Under such legislation as that which is being enacted they would not get into the country in the first place.

The bill also provides that the wives and children of aliens, in order to acquire citizenship, must take the oath of allegiance. Our recent war experience has shown the desirability of this regulation. It has been demonstrated that a woman can be an alien enemy as dangerous as a man. As for children, they cannot be caught and turned into the right course too early.

A particularly pleasing clause of this bill grants citizenship to several thousand aliens who refused to claim exemption from military service on account of alien birth, even though these men were not finally accepted for the army. There is also an admirable provision declaring that aliens who have announced their intention of becoming citizens, and who fought in the allied armies, will be credited for the time they served as part of the required five years' residence in the United States. This is a becoming recognition for service rendered. It points the moral that Americanism is a state of mind rather than a legal technicality, and is in itself a powerful lesson in good citizenship.

"FLU" MEDICINE.

The "flu" vanished, last summer, after a devastating winter and spring. It may come back. Already there are hints of its revival in some communities. What is to be done?

"In the fight against the repetition of the terrible epidemic," reads a public statement by a big municipal health department, "medical science has proved two efficient and effective safeguards —good ventilation and regulation of temperature."

As for the ventilation: "To live in bad air, to work in bad air or to sleep in bad air reduces the disease resistance of the body and furnishes a fertile ground for the 'flu' germ to work on." Good ventilation in the house means changing the air in occupied rooms about three times an hour, bringing the fresh supply from outdoors, driving the used air outdoors, having the air clean and not too dry.

As for temperature regulation: In rooms where people live when awake and dressed, the best average degree of warmth is 68 degrees Fahrenheit, as indicated by a thermometer placed "nose-high." Bathrooms should be a little warmer. Sleeping rooms, while slept in, should be as nearly as possible the temperature of the outside air, with windows open and enough bed clothing to avoid chilling.

These "medical science" safeguards, be it noticed, have nothing to do with "medicine," except in the modern sense of "preventive medicine." It is only when they are ignored that the medical man comes in with his drugs.

"If you wish to know what will happen in the future," says the Columbus Citizen, "take what a statesman says. Then substract half and divide by six." What's the answer—six to one.

In June we imported from Japan $29,000,000; in July $39,000,000. In the same month our exports to Japan fell of $19,000,000, leaving America $29,000,000 to the bad. Similar adverse trade conditions with India, China and the rest of the Orient, left the total balance against us $70,000,000. The Wilson tariff laws are working fine for foreign nations.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Nov. 14.—This wicked little island does strange things—and different things to different people. Men who may be crooks in Cincinnati or Atlanta come here and find the returns greater waiting on tables in a cabaret. Girls who come here to sip life's bitter dregs are sent on their sinless way to mother's arms.

Women who revamped one dress a year back in their home town—now buy five and shout shrill orders at tired shop girls. There is a Broadwayite, who delights in having his name flared in the press. He is the son of a noted educator.

He is a connoiseur of rare editions. He knows all the poets and has dipped deep into the classics. And yet his life is spent in taking one beautiful woman after another out to some showy place for dinner. He is a married man too.

He has found that the only human game that steadily increases in danger, romance and desirability is the battle of the sexes, women having never been so provocative, sense-disturbing and altogether deadly delightful as under the complexity of high-powered civilization in New York.

His motto, as is the motto of many other Broadwayites, is the great line of Nietzsche: "Be hard; live dangerously." Then there is the small town sport—the wise crackin' guy from Hillsboro—who hops out of town with a joke on his lipe and comes to New York to be sobered down. The city awes him.

He finds no place for his small town wheezes. He gets a job—joins church, grows side-wheel whiskers or a little bristly mustache and goes back home to visit so changed that they do not know him at the corner drug store.

It is true that no one lives in New York ten years without undergoing some kind of a change. It may be better or worse, depending upon the individual. Ideas of living change. Ideas of friends too. The great city is wonderful in her magic, her wisdom and her radio charm and to win or lose here is a tremendous experience.

Sidestepping the payment of a dinner check in all its phases and circumflexions has puzzled the best brains in the Eating Belt. Every trick has been tried. So many men take chance acquaintances to dinner and when they see the check mounting into big figures—when they know the queen is used to prunes and hash—they try to dodge. That is Broadway. To make a big play andthen fizzle at the climax. The real man would face the thing like a gentleman.

A flashy young man fell in step with a young lady in a fur trimmed dress in Times Square the other day and took her to an expensive cafe. He had just $7.25 in his clothes. She ordered about $11 worth off the card at the first crack. Excucsing himself he young man walkout past the hat check girl—bareheaded into the street Going to a nearby hat store he bought a new lid and skipped home.

The visitor to New York has learned why he pays such big prices for his food. It has become public that six of the biggest hotels in town are controlled by the packers' trust and the young man who was supposed to run them is merely a figure head.

He had a fringe of gray around his bald head. At his table were three young things—frivolous and full of life. He was buying them all the expensive dishes. They jollied him. As he went out he said to the hat check girl: "What can an old man do but buy?"

BLOUSE SHOP

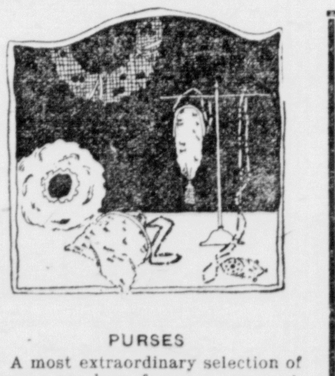

SECOND FLOOR

Everyone Needs Several Blouses

No matter hom many one piece dresses one possesses it is not wise to plan to do without a blouse or two. This applies just as much to the woman who wears a coat instead of a suit, for there are times when one wearies of all the dresses in the world and longs for a fancy blouse. The over skirt models right now are the favorites. The longer, straighter models come braided, embroidered or made partly of brocade. Blouses that are uneven at the hem are really the smartest. Collars are high or low, round or V-necks, as fancy dictates.

SOCIETY PEOPLE TO AID BELMONT SHOW

That "Oh, Oh, Cindy" will be a most unusual play is common knowledge among those who are helping the Belmont club in their preparations for the big musical review. Not only the cast of 450 people but many society people have become greatly interested in the play and are helping in the selection of talent, furnishing music for the rehearsals and chaperoning the numerous groups.

The advance tickets are selling faster than the club members expected.

Among those outside of the cast who are helping in many ways to make the show a success are the following: Mrs. J. E. Dorrenee, Mrs. Charles Boice, Mrs. E. G. Sturgis, Mrs. James Hilbert, Mrs. J. W. Green, Miss Lois Cartwright, Miss Sara Vodrey, Mrs. Ben L. Bennett, Miss Ruth Scott and Miss Pauline Campbell.

Miss Hobbs to Entertain.

Miss Gertrude Hobbs will entertain the members of the Tuesday Musical club at her home in Main Boulevard, Saturday afternoon. There will be no regular program. A short business session will precede the social activities. Mrs. Albert Patterson and Miss May Louise Irwin will assist the hostess.

Mrs. Purinton Hostess.

Mrs. Alwyn Purinton entertained Friday afternoon at a bridge party at her home in Orchard Grove avenue, complimentary to her mother, Mrs. Gerard B. Scott, of Columbus, who is visiting in the city. Roses and white crysanthemums in profusion were used in the decorations and appointments.

Masonic Dancing Party.

An informal dancing party will be held each Friday evening in the Masonic temple, Broadway, for the members of the lodge and their families. An instructor has been secured to be present at each party.

Discharged from Army.

Walter Schneider, of the Campground road, near Wellsville, has returned home with an honorable discharge from the army. He was master engineer in an American camp in France.

Marriage Announced.

Announcement has been made of the marriage of Miss Esther Baker and Lester Behrman which was solemnized Wednesday afternoon in New Cumberland, W. Va.

The young people are employed at the Adamant Porcelain plant.

P. H. C. Initiation

Ceramic Circle, No. 46, P. H. C., will initiate a class of candidates at their regular meeting Monday evening in the Ben Hur hall, East Sixth street. Edward Dietz, captain of the degree team, urges all members to be present.

SMART SERGE FROCK FOR GENERAL WEAR

This demure looking frock is a Lady Duff Gordon ode. It uses to advantage some of the season's newest features. Note the long waisted effect produced by framing the skirt at the hips and how the natural waistline is kept by the use of a gray suede belt. The blue serge is effectively set off by the touches of gray in the belt, smoked pearl buttons and the embroidery.

PROGRAM FOR RUSSIAN SYMPHONY CONCERT

Modest Altschuler, the conductor of the Russian Symphony Orchestra of New York, to be heard at the Ceramic theater Saturday evening, is indirectly responsible for many of the charming lighter numbers which find such favor with audiences everywhere. With unusual deftness he has orchestrated many compositions orignially written for the piano, the violin or the cello; and among them might be mentioned the famous Beethoven "Minuet," the preludes of Rachmaninoff, some of the Rubinstein Etudes, selections from John Powells' piano suite entitled, "At the Fair," and several of Scriabine's piano concerti.

The program for the concert follows

Part I

1. Symphony in G. Minor..Kalinnikoff
   1. Allegro moderato.
   2. Andante commodomente.
   3. Scherzo. Allegro on troppe.
   4. Finale. Allegro moderato.

(Five minutes intermission).

Part II

2. Aria—"The Bird Song," from "Pagliacci" ..... Helen Thomas
3. Overture—"Raymond" ....Thomas
4. Ballade et Polonaise, Vieuxtemps .....Sascha Fiedelman
5. Two Caucasian Sketches..... ..... Ippolitoff-Ivanhoff.

MAKE FREIGHT TRADE SURVEY

Following closely upon the heels of the recent opening of through freight on electric lines from Youngstown to Cleveland, the Youngstown & Suburban and the Mahoning & Shenango Railway & Light companies are making a survey of the territory covered by their respective systems to ascertain whether there is sufficient volume of freight to warrant freight interchange.

Should a reciprocal system of freight interchange be worked out on the two lines, quick shipment of freight could be handled between East Liverpool and Cleveland. The Youngstown & Suburban company has an operating agreement with the Youngstown & Ohio River Railway company for the transportation of freight.

The Youngstown & Ohio River Railway company discontinued handling consignments of the American Railway Express company last month following an order issued by the U. S. railroad administration withdrawing service of the American Railway Express company from all roads not under direct federal control.

ARMY OVERCOAT IN USE AGAIN

With the arrival of the first crisp weather of late fall, the familiar olive drab army overcoats are making their appearance in East Liverpool's down town streets.

Practically every East Liverpool ex-service man discharged from the army last winter or spring was given an army overcoat as a part of his army equipment. These are being revived and brushed up for a second winter's wear, this time over civilian attire.

With the price of strictly civilian overcoats soaring, many East Liverpool former service men are planning to wear their heavy army topcoats as a part of their civilian street dress this winter. Even the flannel shirt is being dragged from its resting place in the scrap rooms and touched up for winter wear.

Columbus—Ohio needs 100 cow testers, according to dairymen at the Ohio State University. Thirty cow testing associations are seeking testers. More associations would be organized if the testers were to be had. In order to help supply the demand a special course in cow testing work is being held at the Ohio State University. Less than half the number of men needed have enrolled.

Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women:

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Godden, 925 Napoleon St., Fremont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. Frank Henson, 1316 South Orchade Street, Urbana, Ill.

THREE STREETS TO BE OPENED AT EARLY DATE

Dresden Avenue Paving Completed; Open to Traffic Nov. 15.

PAVING MARKET STREET

Concrete Base In East Fifth Street Will Be Completed Saturday.

East Liverpool's three down town streets, now closed pending permanent improvement, will be opened to traffic within the next few weeks.

Dresden avenue, between the Horn Switch and Sheridan avenue, was completed last week and is now "setting." The thoroughfare will be opened about Nov. 15. The street has been paved with vitrified brick set on a concrete base.

Actual laying of paving brick was started in Market street between Fourth and Fifth streets Thursday. The concrete base and curbs were completed a few days ago.

The concrete base in East Fifth street and Pennsylvania avenue between Broadway and Vine streets will be finished by Saturday unless delayed by unfavorable weather. Paving work will be started at once and rushed to completion. The entire street between Market and Vine streets will be formally opened early next month.

Opening of the Market street, Dresden avenue and Pennsylvania avenue-East Fifth street projects, will mark the completion of the bulk of city council's comprehensive street paving program. Broadway between Fourth and Sixth streets, Fifth between Market and Broadway and Brady alley were the first streets to be improved under the new schedule.

Sixth street west of the Diamond, Fifth street west of Market street and the River road are also tentatively mentioned for permanent reconstruction.

EAST END

Leave subscriptions, advertisements and News Items for The Review at Wilson's News Stand, Mulberry Street.

CHARITY BAZAAR AT ST. ANN'S CHURCH

St. Ann's Catholic church of East End will conduct a three-day charity bazaar Nov. 19. The affair will consist of booths for the sale of fancy work and refreshments and a county store, etc. The proceeds will be donated to the church fund.

To Entertain Dorcas Class.

The Dorcas class of the First Methodist Protestant church will be entertained Friday evening by Miss Madeline McKinnon at her home in Putnam street, East End. Mrs. Charles Bright is teacher of the class.

SERVICES AT U. P. CHURCH HERE SUNDAY

C. F. Brindley will have charge of the morning service at the Second United Presbyterian church Sunday. It was expected that the new pastor, Rev. Charles E. Nash, would arrive in time to conduct the service, but word was received Thursday that he would be delayed for a few days. There will be no evening service at the church Sunday. Sabbath school will be held at 9:45 a. m.

REPORT 100 PER CENT RED CROSS ENROLLMENT

Two of East End's four school buildings reported 100 per cent membership in the Junior Red Cross drive Friday morning. The schools going "over the top" are the Garfield and Horace Mann. Reports from the Neville building show nearly 75 per cent of the enrollment have subscribed. The sixth and eighth grades there are 100 per cent Red Cross.

Condition Improved.

Golf Stone of Pennsylvania avenue, who has been seriously ill at the City hospital, is reported as greatly improved Friday.

Grid Game Saturday.

The East End Blues will lineup against the fast Steubenville eleven Saturday afternoon at 3:30 o'clock at Columbian park.

The Blues have scheduled a game with the Veterans of Foreign Wars, to be played Saturday, Nov. 22, at West End park.

LABOR PARADE IS CALLED OFF

Mass Meeting of Mill Men at East Liverpool Sunday.

The proposed parade of organized labor in East Liverpool Sunday afternoon as a means of creating enthusiasm in the support of strikers in the Chester and Wellsville tin mills has been called off, according to an announcement made Friday morning by Reese Harris, acting president of the Chester Lodge No. 28, West Virginia, Amalgamated Association of Steel, Iron and Tin Workers of America.

A mass meeting, however, will be held in the Strand theatre at 2:30 o'clock Sunday afternoon. Will T. Blake, editor of the Potters Herald, a labor publication of East Liverpool, will be chairman of the meeting. The speakers will include M. S. Tighe, of Pittsburg, president of the Amalgamated Association of Steel, Iron and Tin Workers and Walter Hilton, of Wheeling, editor of the Wheeling Majority, another labor magazine.

Sacred music will be rendered by Reese Harris, soloist, and a male quartette. The meeting is being held under the auspices of the Chester and Wellsville mill unions, although the various labor bodies of East Liverpool have promised to attend the affair, when the side of the strikers will be presented by the speakers.

Dr. J. H. White to Preach.

Rev. John H. White, D. D., of Pittsburg, will fill the pulpit of the First United Presbyterian church here at both the Sunday morning and evening service. Dr. White is treasurer of the central committee of the New World Movement which has been inaugurated in the United Presbyterian church.

White, at one of his services, will explain the New World Movement which involves an enlarged program of development in the churches of that denomination.

COUNTY WILL ENROLL 5,000 FOR RED CROSS

With approximately 4,500 members enrolled, Hancock county promises to pass the 5,000 mark in the Red Cross Roll Call campaign before the drive ends this week.

The county canvass is practically completed. In fact Weirton is the only place in the county from which complete reports cannot be made until the latter part of the week. Here the campaign will be concluded Saturday when employes of the Weirton Steel company are to be paid off. An effort is being made to make the Weirton Steel company 100 per cent, collections to be made Saturday.

Chester will enroll 500 members in the campaign, while Newell has secured practically 600. In the drive in Weirton close to 2,000 members will have been secured. Complete reports in the drive will not be tabulated until Sunday. It is believed that the enrollment this year will far exceed that of last year.

WILL CLOSE MERCY DRIVE SATURDAY

The Red Cross in Chester will not be concluded until Saturday night, F. S. Huff, Jr., city chairman stated Friday morning. At the present time, approximately 450 members have been enrolled and hopes are being entertained that this number can be increased to 500 before Saturday midnight.

The sum of $39 has been raised by the workers of Hookstown, according to reports made at Beaver County Red Cross headquarters, Wednesday. It is believed that this sum can be increased to no less than $60 before the end of the present week.

HAD TO HAVE HIS HEAD PROPPED UP TO GET TO SLEEP

Zanesville man often slept in a swing, because he couldn't lie down; thought it was his heart.

Took Dreco, which killed the gas in his stomach; moved his bowels daily, and the other troubles disappeared.

Zanesville now reports a strange case and one that will interest many citizens. It is told for publication in this paper by Mr. John D. Spinks, a well-known man who resides at 410 Jackson St. He says:

"Many a night I have slept in a swing until three o'clock in the morning because I could not lie down in bed. I always had to have my head propped up to get any sleep at all. I thought the fault was my heart, but I've found it was my stomach and bowels, for when I got relief from the gas in my stomach my heart felt all right again, showing it was the gas pressing against my heart.

"This Dreco medicine sure has saved my life, I believe. I can now eat big meals and never have the pain and gas as before. The backache and sore muscles have disappeared, and I get seven hours good sleep every night. My bowels now act regularly, whereas before I had to take medicine every night, and if I forgot it I was bound up the next day. I never have a dizzy spell now, and I feel just fine. You say for me that Dreco is great medicine, and every person in this section should try it."

Dreco rouses a lazy liver; gives strength to weak kidneys; helps the stomach to digest the food; overcomes constipated bowels; relieves backache, headache and dizzy spells.

All good druggists now sell Dreco, and it is highly recommended in this city by

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it hrough your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

USES COMMON YELLOW MUSTARD FOR CHEST COLES AND SORE THROAT

Old Fashioned Simple Home Remedy Much Used by Doctors and Nurses for Inflammation, Congestion, Aches, Pains and Swellings.

Mustard, real yellow mustard, the kind you use at home, is being used more than ever to banish distress and misery and free mankind from agony and suffering.

Not very long ago people used to make yellow mustard into a paste, spread it on a cloth and apply it to that part of the body where pain or inflamation was present.

It surely did do the work it was expected to do, but it was mussy and bothersome and often blistered the skin.

People still use yellow mustard when they get a cold in the chest or have pleurisy, lumbago or rheumatic pains and swellings.

But nowadays they buy this yellow mustard in condensed form all ready for use for something like 30 cents a box and find it much better, cheaper and cleaner than mustard plasters.

This yellow mustard preparation, which is known to millions as Begy's Mustarine is sold at drugstores all over America and one box will do the work of 50 mustard plasters and it cannot blister the tenderest skin.

Begy's Mustarine is the original mustard preparation used to take the place of blistering mustard plasters and is known among druggists as the quickest painkiller on earth.

It will pay you to keep a box of Begy's Mustarine in the house, for it is good for so many ailments that you will need often.

Just rub it on, that's all you have to do and headache, backache, earache and toothache will disappear almost instantly.

Don't fail to use it for neutritis, neuralgia, sciatica, lumbago, gout and rheumatic pains and swellings.

You will quickly find that there is nothing so good for sprains and strains, sore muscles stiff neck and cramps in leg.

Heat eases pain and Begy's Mustarine made of real yellow mustard with other helpful ingredients added contains more concentrated, non-blistering heat than can be found in any box the same size.

Just try a 20-cent box—you'll praise it to the skies as millions are doing every day. Always in the yellow box.

YANKS SMALL BREAD EATERS

America, the greatest wheat producing country in the world, consumes less bread per capita than any European country.

Government statistics show that heretofore the phrase "give us our daily bread' has not been accepted literally by the average American. Despite his sincerity in repeating the phrase, figuratively speaking, he has gone eating bread sparingly, not realizing its importance as a food.

All our Allies give bread a more important place in their daily food program.

Every time an American eats a slice of bread, the Frenchman eats almost two slices. In fact, the Frenchman is the world's champion breadeater.

Each year he requires 575 pounds of wheat flour for bread. And, his bread is famous the world over. Yet, he is largely dependent on the American for his supply even in normal times, because he produces only one-fifth as much bread making materials considerable less than he requires.

The Italian is a big bread eater also. Consumption records show that his bread appetite is 8 percente greater than that of the American.

To insure himself of a year's bread supply the Italian must buy 425 lbs. of flour or two barrels, eight ten-pound sacks and a threepound package

In the United Kingdom the individual breadeating ratio per year is 525 pounds or about ten per cent more than that of the American.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmine (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, cost little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

"ONLY ONE THING BREAKS MY COLD!

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unfailing effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn old colds and onrushing new ones, grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today.

Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 60c. and $1.20. All druggists.

Stubborn Bowels Tamed

Positive in action, yet natural, comforiable, pleasant, Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c. a bottle.

Brings the Roses to Children's Cheeks

KIDNEYS NEVER CAUSE BACKACHE

Rub Pain, Soreness and Stiffness Right Out with Old "St. Jacobs Liniment."

Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing penetrating "St. Jacobs Liniment" Rub it right on the ache or tender spot and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Liniment" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

It's the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.

Rice supplies food for more human beings than does the product of any other plant.

THOUGHT THERE WAS NO HOPE

Leonidas B. Pemberton Relates How Plant Juice Restored His Wife's Health.

Nature has supplied a remedy in the ingredients of Plant Juice, the new herbal stomach remedy. It tones strengthens and invigorates the digestive organs, the liver, kidneys and intestines. It is purely vegetable and its vitalizing, corrective and reconstructive qualities are so pronounced that beneficial results are noticed from the first day.

That this is proven conclusively it is only necessary to listen to the statements of local people, who have given Plant Juice a fair trial. One of the most recent of these is from Mr. Leonidas B. Pemberton, of 847 Kirkbride avenue, N. S., Pittsburg, who tells how his wife was relieved of a bad case of stomach trouble by Plant Juice. He said:

"My wife was born and raised in this city, and for years she has been troubled with her stomach. About six years ago her health commenced to fail gradually, and she could hardly keep anything on her stomach. She had headaches, was very dizzy, could not sleep at night and was gradually losing in weight. She had tried numbers of different medicines without relief, and began to feel that there was no hope of her recovery. A friend who knew in what a bad condition she was, insisted that she try Plant Juice. After a few doses it gave her some relief, and now after several weeks have passed, she is feeling fine. Her stomach is now in good condition; she can eat anything and digest it, sleeps well at night and it has toned up her nervous system. She is now able to do her own work again, the first time in three years. We are glad to recommend Plant Juice as it has made a well woman of my wife."

Plant Juice is sold in East Liverpool at Larkins' Drug Store.

ELWELL FACES TRIAL ON LARCENY CHARGE

The trial of the state of West Virginia vs. Harry Elwell of East Liverpool, charged with grand larceny in connection with the theft of $140 worth of dinner ware from the Taylor, Smith & Taylor pottery, is being heard before Judge R. M. Addleman in circuit court at New Cumberland Friday.

Elwell was arrested about three weeks ago and in a preliminary hearing before Justice A. G. Allison entered a plea of guilty. He was bound over to the grand jury and since that time has been a prisoner in the county jail.

One civil case is also being heard Friday—that of T. J. Reid against E. J. Owings and Bertha Forsha.

CORNWELL SAYS FEDERAL MEN ARE COMING

Governor Cornwell has announced that he has been advised from Washington that agents of the Department of Justice were en route to the coal mining districts in the northern part of West Virginia to "clean out radical centers" and round up I. W. W. and Russian agitators.

The Governor asserted that the State would co-operate with the Federal authorities and if it was necessary a detachment of the State police would be sent into the districts.

"If the situation warrants," said Governor Cornwell, "I will ask for the use of Federal troops." The Governor said as there had been no attempts at violence, the troops would not be used at this time. "Thus far the situation appears to be one that can be handled best by the Federal authorities," he added.

Despite the assurance of officials of the United Mine Workers that they had the situation in control, coal operators and State officials expressed uneasiness over reports received from the coal fields in the northern counties of the State to the effect that radicals threatened trouble.

Injures Knee in Game.

Suffering from a badly sprained knee, sustained Wednesday evening, during a basketball game between two teams from the Chester works of the American Sheet & Tin Plate company, Edward Garner left Friday morning for Pittsburg, where he will consult a specialist.

Paul Webster is also laid up as a result of a badly sprained ankle which he sustained during the game. Several other participants in the contest received minor injuries.

use Resinol for that ugly skin trouble

Don't let that itching spot of eczema or similar skin trouble continue to annoy you. It is not only embarrassing—it will eventually affect your nerves. Resinol Ointment will usually relieve the burning and itching at once, and in most cases clear the trouble away in a short time. It is cooling and healing, and its gentle ingredients soothe while they heal.

RESINOL SHAVING STICK contains these same qualities, making it ideal for men with tender skins.

At all druggists.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomachache and inability to retain food are in probability nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometime known as heartburn, while the acid irritates and inflames the delcate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonfull of bisurated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antiacid, such as bisurated magnesia which can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestents. Magnesia comes in several forms, so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purpose.

WILL SPEND $10,000 TO IMPROVE MASONIC TEMPLE

Improvements costing $10,000 are to be made to the John Schrader property, corner First street and Columbia avenue, which was recently purchased by the Chester lodge of Masons as a lodge home. The improvements will be started within the next few weeks and all haste will be used in rushing them through to completion.

At a recent meeting of the biulding committee of the lodge the plans and specifications for the changes and improvements, which are being prepared by Architect C. M. Metsch of East Liverpool, were approved and Mr. Metsch instructed to complete his work at once in order that bids for the work might be sought.

Chief among the improvements is the construction of an addition 25x35 feet, to be erected on the south side of the present structure. The building will front directly on Columbia avenue when this improvement is completed.

The interior of the present building will also undergo numerous changes. A large meeting room is to be constructed. There will also be a banquet room and ball room. The home will be one of the finest in this section when completed.

FARMERS' INSTITUTE TO BE HELD IN PUGHTOWN

The annual winter institute meeting in Pughtown will be held early in December, according to an announcement which has just been issued by E. G. Hibbs, Hancock county farm agent, at headquarters in New Cumberland. The exact time and meeting gplace of thme institute will be announced later.

A farm product exhibit will be held in connection with the institute, the farm agent has announced, and prizes will be offered to the winners of the various classes. The exhibits will be judged by a professor in the state agricultural college at West Virginia who will speak at the institute meeting.

Alex Mahan, of near Arroyo, a large apple producer of Hancock county, will explain the use of limestone as a fertilizer and how it may be obtained. Mr. Mahan has a Jeffrey lime pulverizer at work on his farm and is pulverizing 15 tons of the stone daily. A delegation of farmers from Clay and Butler district will visit the Mahan place for the purpose of inspecting the pulverizer. Large deposits of the lime stone can be found in this section of the county. An analysis of the lime deposits found in Hancock county shows it contains from 86 to 93 per cent carbonates, Mr. Hibbs declares.

ENGAGEMENT ANNOUNCED AT CLUB MEETING

The coming marriage of Mrs. Albert Forrester, daughter of Mr. and Mrs. George Gosney of Virginia avenue, to Albert Crater of Carnegie, Pa., was announced at a meeting of the Poinsetta Club held Thursday evening at the Gosney home. The affair was also in the form of a farewell party to Mrs. Gosney, who will leave soon to make her home in Portsmouth, Ohio, where her husband has accepted a position.

The marriage of Mrs. Forrester and Mr. Crater will take place during the latter part of the month. The bride-elect is well known in this city, having resided here for a number of years.

The evening was spent in a social manner. Luncheon was served at the conclusion, covers being laid for 15 guests. Those present included: Mesdames Sidney Smith, Joe Blazer, Richards, Ralph and John McShane, R. Small, R. B. Bahl, D. O. Webb, Frank Irwin, Will Niblock, Harry Smith, Arthur Smith, Gosney and Sam Fowler.

TEN APPLICANTS FOR CENSUS TAKING JOBS

About ten applicants for the positions of census takers for Grant and Poe districts, Hancock county, have been filed at the Fairmont headquarters of this district, Postmaster W. B. Stewart stated Friday. No date for the examination has been set.

Four enumerators are wanted for the census work in this district, Postmaster W. B. Stewart announced Friday. Three of this number will be required for Grant district, while the other one will handle the work in Poe district, which includes the village of Pughtown.

Chester will be seperated into two sections, Fourth street being used as the dividing line. Two enumerators will be used in Chester, while one other will handle the remaining part of Grant district, which will include Newell.

Word has been received here to the effect that the enumration work in Chester will pay approximately $6 a day if handled properly. The work of taking census will begin about Jan. 2, 1920, and probably be concluded by the latter part of the month.

Must a Child Be Pale?

Pallor, "Tired-outness" and Poor Appetite Almost Always Remedied by Pepto-Mangan

It Builds Up the Blood and Thus Improves the Appetite and Strengthens the Body

There is but one legitimate excuse for a pale, run-down, listless child, and that is some serious disease of one or more of the vital organs, which, of course, needs the prompt attention of a competent physician. Unless such condition exists, the weak, white youngster who takes no pleasure in romping or playing can be very materially helped by a course of that thoroughly dependable blood enricher and general tonic, Gude's Pepto-Mangan. This standard remedy for Anemia (Bloodlessness) has been continuously prescribed by physicians all over the world for nearly thirty years, to restore the weakened, watery blood to its normal condition, and thus improve appetite, add color to pale lips and cheeks and impart strength to the whole body. Gude's Pepto-Mangan can be had in both liquid and tablet form (no difference in its effect), the liquid of course, being preferable for young children. When buying Pepto-Mangan, be sure the name "Gude's" is on the package. Without "Gude's" it it not Pepto-Mangan.

Mr. and Mrs. J. L. Owen of Phoenix avenue are visiting at the home of their son at Augusta, O.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Agony of Asthma

New Prescription Gives Instant Relief. Makes Breathing Easy.

Thousands of people suffer from Bronchitis or Bronchial Asthma who, having tried advertised remedies, inhalers, 'Patent smokes,' douches, doctors, changes in climates, etc., without permanent benefit believe nothing can ever make them well.

Extensive experiments finally enabled a Worcester, Mass., physician to find a simple harmless treatment that gave almost immediate relief in even the most stubborn advanced cases and great numbers of former Asthmatics have now used his treatment with wonderful success.

"The doctor's prescription is called Oxidaze and can be obtained from Jesse D. Holloway, Carnahans Pharmacy and leading druggists everywhere, who sell it on a guarantee of money back on the first package if in any case it fails to give prompt relief."

Many users who for years have been obliged to sit up in bed gasping for breath and unable to sleep report that they now take Oxidaze when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep.

Oxidaze is a safe treatment, easy and pleasant to take and contains no harmful, habit forming drugs.

PARIS HOUSE SHORTAGE SUBJECT OF STAGE FARCE

PARIS—The shortagse of apartments and hotel rooms in Paris is made the subject of an amusing sketch at one of the theaters.

An apartment is to let. The anitress is besieged by would-be renters, who brings her flowers, promise to obtain for her the Legion of Honor and pay substantial bribes. She sends the crowd away and is about to rent the apartment to an elderly gentleman who has agreel to divide his fortune with her.

"Have you a piano?" is her final question.

"No," replies the old gentleman. "You will have no trouble about noise. We are a very quiet family."

"You can't have it," says the janitress, stamping her foot. "I give tango parties every night and we must have a renter who can provide the music."

BUCYRUS—W. E. Marshall, auto agent went to a neighboring garage for a repair, he saw a man who resembled his father, and spoke to him to find he was Frank Marshall, of Baton, this county, a cousin whom he had never seen nor heard of before.

Had Terrible Cold and Cough

Also suffered from Stomach trouble, lost appetite, and tired feeling.

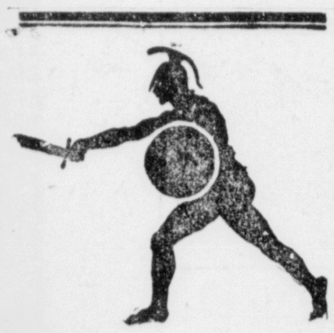

Recommends Hypo-Cod To Fellow Sufferers.

"I suffered from a terrble cold and coughed all the time, also suffered from stomach trouble, my appetite was bad and everything I ate would hurt me so and seemed to sour on my stomach" declared a Wheeling, W. Va., man who works for the Whitaker Glessnor Co., Martins Ferry, Ohio, name and address is given below.

"I bought some Earle's Hypo-Cod because I had seen it advertised and thought by what it did for others it was the right medicine for me. I had seen in the paper that a personal friend of mine had taken Earle's Hypo-Cod and it had helped him.

"Since taking Earle's Hypo-Cod my appetite has come back to me, can now eat almost anything, my stomach trouble has vanished completely, can now sleep well at night which I could not do before, the tired feeling has vanished also and I can go about my work and think nothing of it. I will recommend Earle's Hypo-Cod and do it willingly to any poor fellow sufferer the same as I, and I know if it has helped me it will help others, continued Mr. Christ Feitz, 222 Roff street, Wheeling, W. Va.

Surely nothing more need be said for this tonic that is being recommended by thousands here in this vicinity. The formula is printed on bothe carton and bottle, which we are sure your family physician will recommend Earle's Hypo-Cod is put out by the well known Earle Chemical Company, in the orange colored carton and sold by Herche's Drug Store and all well stocked drug stores for $1.20 plus 5c war tax, per large bottle. FAIL TO SOLVE RUSS PROBLEM

Allied Intervention Is Without Result, Says Esthonian Minister.

By WILLIAM MALLABAR.

DORPAT, Livonia, Nov. 13.—(Delayed.)—Allied intervention as a means of settling the Russian situation has failed, according to the view expressed today by Anton Piip, foreign minister of the new state of Esthonia.

In commenting upon the speech of Premier Lloyd George in which it was intimated that negotiations might be ...d with the soviet government of Russia, Dr. Piip said:

"It is now apparently necessary to take other measures as intervention has not had any result. We expect good results from the conference which is scheduled to open on Saturday. We can not see any practical solution of the troubles except through peace. Word has been received that four delegates representing the Bolsheviks will arrive on Monday."

...far as known now there will be only three sets of delegates at the conference which will be held in Dorpat. They will represent Esthonia, Livonia and Bolshevik Russia.

BABY STEALER ALARM PROTECTS CHILD WHEN MOTHER LEAVES IT IN CARRIAGE

Mother lifting babe from buggy equipped with alarm.

If you look closely you'll see attached to the back part of the baby buggy, shown above, an electric bell, wires and batteries, the main parts of an ingenious kidnaper alarm invented by some enterprising American. The alarm is so constructed that when set it will ring the instant baby is lifted from the cab or the handle is touched. Of course, mother knows how to shut off the alarm. The alarm puts mother at her ease when she leaves baby on the front porch or in front of a store for an instant.

"THE BATTLER," BIG FEATURE AT DIAMOND

Duncan Hart, society man and prominent amateur boxer, was killed by a shot from a revolver. The weapon was in his wife's hand when the shot was fired. The question bothering the police was—did she kill her own husband?

The only witnesses were a society woman who had been the guest of the Harts during the evening and "Toad" Jennings, a dope fiend. They had sprung upon Mrs. Hart when she raised her weapon at Mr. Hart in an effort to disarm her and in the scuffle that followed the revolver was discharged and Hart fell dead.

Mrs. Hart fled following the shooting and was apprehended by the police. There was circumstantial evidence that pointed to her guilt. The defense maintained that she had been illtreated by her husband, who just that night had beaten her with a whip. A plea of self defense was put in.

Things looked black for Mr. Hart when the unexpected happened.

See Earl Metcalfe and Virginia Hammond play this great story in the latest World release, "The Battler." A drama alive with tense situations and peppery action, built around the life of an East Side pugilist. At the Diamond theater Friday.

"EYES OF WORLD" COMING TO AMERICAN

Two or three years ago Harold Bell Wright, the most popular of living writers, whose eight romances, including "The Shepherd of the Hills," "The Winning of Barbara Worth," etc., have had a total sale of nearly eight million copies, added to his galaxy of best sellers, "The Eyes of the World."

This story of adventure and romance in the cities and mountains of southern California has been put into elaborate pictorial form for the theatre by the Clune Film Producing company, and the announcement is made that the production will be shown in this city at the American theatre on Monday and for two days thereafter.

For six months past the entire resources of the great Clune Studios in Los Angeles have been concentrated on the elaborate filming of Wright's story. It is promised for this work that it is the finest translation of a current popular romance ever prepared for the screen. It is in ten sections and consumes an entire afternoon or evening in its showing. The scenario for the work was prepared by the noted author himself, who also gave his personal assistance to the day-by-day work of interpreting his characters for the production.

Cinema Notes

House Peters Severs Connections.

House Peters's return to pictures was brief. He made one production at the Garson studio and then decided he didn't like pictures as well after all. In all probability he will once more be seen on the stage.

Grand Central to Be Filmed.

You don't know it, but Cecil de Mille, Gloria Swanson and Thomas Meighan are this very minutes on their way to the big city, just to get a "shot" or two in the Grand Central station. Their visit will be such a short one (but 48 hours) that only a few will probably get but a fleeting glimpse of them on Broadway or Fifth avenue.

Winifred Westover Cast.

Winifred Westover is playing the lead opposite Charles Ray in "Watch Out, William." Winnie has been kept on the job every minute in the last few months playing opposite some of the screen's handsomest stars.

FINDLAY—Memorial services for actors who lost their lives in the world war will be held in this city Dec. 5. James Anderson, an old circus man, is back of the celebration.

"ROBIN HOOD," OPERA, AT CERAMIC FRIDAY

Here's a tip for folks who are prone to say, after missing the best thing—of the season or in years, "If I had only known what it was going to be."

Clinton, Iowa, a goodly town with a creditable daily paper, the "Advertiser," regards "Robin Hood" like this:

"The performance of 'Robin Hood' was attended by the largest and most representative audience of the season, and the opinion at the close was that the delightful opera was never better done. The light, sentimental theme, set to music seemed to be entered into by principals and chorus as well as orchestra in the happiest manner, and both the humorous situations and the tender, impressionistic portions were given adequate rendition. 'Robin Hood' teems with all the joyous, care-free spirit of youth with just an undercurrent of the serious, and its music was heard by last night's audience with the highest appreciation."

FOUR STARS IN FILM AT STRAND

A story of the old West—the West of yesterday—the West of the days when the thousands flocked to the gold fields of California in '49—this is what will be recounted on the screen of the Strand theater when "When a Woman Strikes" is presented by the management as the special attraction for Friday and Saturday.

When four western horses get together on a stage coach and make up their mind that it is the psychological time to dash madly away, there is an exciting time due for the witnesses. This is what happens to the belle of a western dance hall. She is the only occupant of the stage coach when the decision on the part of the horses is reached. They start over the mountain trail. Some one has seen and some one intervenes. What is the result? "When a Woman Strikes," the special attraction at the Strand answers.

Boss Hot Blast Heater

For Soft Coal, Hard Coal or Wood

The Boss is a real fuel saver and will pay for itself in short time.

It will heat uniformly day and night and will hold fire for 24 hours.

Body is made of extra heavy stove steel of highly polished blue appearance. Fire bowl is extra heavy and deeper than on most Hot Blasts. Cast lining over fire bowl is made in sections which prevents warping and pulling away from body of stove, a common fault with most one-piece linings.

Grate is extra heavy of draw center pattern, the best and quickest way to shake down ashes and take out clinkers.

All joints ground air tight, assuring perfect control of fire at all time.

Carried in all sizes with or without front feed door.

If You Have the Need We Have the Blankets

Just around this time of the year it is not a bit unusual to have Spring, Summer, Autumn and Winter all in the one month, or week, or even in the one day. In fact, it is the sure sign that winter is coming to stay. Also it is a sign to a good many people to go and buy all the Winter bedclothing they are going to need. Will you please keep in mind what we have said in the headline—if you have the need we have the blankets, as to comforts you will easily understand that it takes a very large variety of such goods to make up our stock. We do our best to have the best grade at each price and we have confidence that they are here.

Good cotton blankets at $3.75 pair. Good wool and cotton mixed blankets 66x80 in., $8.50 pair. The famous all-wool Buffalo blankets $12.50 to $18.50 pair. GERMANY IS FACING WINTER OF STARVATION

BERLIN, Nov., 13.—Germany faces a winter of starvation even worse than the black winter of 1916-17, according to government statistics secured today. The decreased percentage of foodstuffs is thus rated:

Potatoes 12; cabbage 14; beet fodder 17; sugar beets 31. The pre-war hog supply was 27,000,000 and has been reduced to 7,000,000. Officials are pessimistic that the decreased food production has weakened German workers.

TO KEEP BARK ON LOGS FOR RUSTIC STRUCTURES

MADISON, Wis.—Tacking on the bark with large-headed nails placed one on every square foot of surface and painting the heads of the nails to resemble the color of the bark is one recommendation just made by the Forest Products Laboratory at Madison for preventing bark from flaking off logs used in rustic structures. The nailing method has been successful especially in rustic hotels and in rustic buildings erected for exposition purposes.

HEALTH BUDGETS OF COUNTIES COMPILED

COLUMBUS, Nov. 14.—District health budgets for next year's activities under the new Hughes law system have been compiled and formally approved in nearly half of the counties of Ohio. Meetings of district advisory councils to act on budgets in other counties are scheduled for the next few weeks. Employes will be appointed after state civil service examinations for the positions.

Thirty-two counties whose budgets have been filed with the state department of health will employ a total of 114 nurses and 91 inspectors and deputy health officers. Nearly all counties reporting will employ more than the minimum staff of one nurse and one clerk required by the law. Summit county will employ nine nurses, Stark and Rumball seven each. Columbiana, and Trumbull, seven each; Columbiana Darke, Lorain, Mahoning, Portage and Richland, six each; Ashtabula, Cuyahoga and Wayne five each.

FREAK TORNADO "DIPS" ONLY ON ONE FARM

LARNED, Kan.—The farm of Frank Hanken, a few miles north of Larned, was visited recently by a "freak" tornado, which did considerable damage. Apparently Hanken's farm was the only one that "looked good" to the tornado, as his place was the only one where the twister 'dipped'

A wagon was carried from the barn lot to an adjoining field, but a haystack, which stood near the wagon, was undamaged. A chicken house was carried bodily four hundred yards, but another chicken house and garage of similar construction nearby, were left intact.

The most freakish stunt of the wind was the carrying of a dining room chair, presumably through a window which had been blown out of Hanken's house and landing it in a wheat field 400 yards distant with its legs deeply imbedded in the ground.

FAREWELL DISCOURSE BY REV. S. M. NESBIT

Rev. S. M. S. Nesbit, pastor of the Central Presbyterian church at New Castle, Pa., will preach his farewell sermon at the First Presbyterian chruch here Friday evening. He will return to New Castle, Saturday, in order to be in charge of the regular Sunday services in his church.

An interesting service was reported at the church Thursday evening, Rev. Mr. Nesbit using the 'Power of The Cross' as the subject for his discourse. Special selections were rendered by the choir, led by Prof H. F. Laughlin.

BEGIN CONSTRUCTION OF CONCRETE ROADWAY

The North American Manufacturing company Thursday began the construction of a concrete roadway, between the No. 4 plant of the Homer Laughlin China company and the Edwin M. Knowles works.

The improvement was started about three weeks ago, when a new railroad siding, which adjoins the Laughlin plant on the south side, was built. Following the construction of this switch the roadway, which adjoins the tracks was graded down about two feet, bringing it to the level of the tracks.

The new concrete roadway is about 20 feet wide and is being constructed to cover the entire width of the railroad switch. The job will be completed by the middle or latter part of next week.

NAMED GOVERNOR OF MARYLAND IN THRILLING CONTEST

Albert C. Ritchie.

After perhaps the closest race in the history of state elections, Albert C. Ritchie, Democrat, state attorney general, was elected governor of Maryland at the last election. A recount of votes was necessary and the final count showed him winner by a plurality of 165 votes.

CLARKSBURG WORKERS RETURN TO MILL

Striking workmen of the Weirton Steel Company's tinplate plant, located at Clarksburg, following a meeting with officials of the company and the plant, at which President J. C. Williams of the company made an address, have returned to work after a shutdown or partial shutdown of the plant for six weeks. The plant employes 950 men and is one of Clarksburg's most substantial industries. Natural gas will be burned with the coal till the company can arrange for delivery of enough coal to operate the plant in all departments.

RELAY MISSION STUDY CLASS MEETS NOV. 21

A meeting of the members of the Relay Mission Study Class, will be held in the parlors of the First Presbyterian church at 7:30 o'clock Friday evening, November 21.

An interesting program has been arranged for the affair. The topic for this meeting is "A Crusade of Compassion for the Healing of the Nations." Following the regular program for the evening there will be a social during which several musical numbers will be rendered. Luncheon will be served by a committee consisting of Mesdames William Jones, Sr., and Lindsay March.

The program follows:

Chapter 1.—"The Battalion of Life." Mrs. G. K. Stewart.

Chapter 2.—"India.' Mrs. R. W. Patterson.

Chapter 3.—"China." Miss Cornelia Anderson.

Chapter 4.—"Phillipines, Korea, and Siam,' Mrs. Sterling Carson.

Chapter 5.—"The Near East," Mrs. Hermann M. Hosack.

Chapter 6.—"Africa," Mrs. S. K. Rush.

Lay Foundation for Addition

Workmen have began laying the foundation for the new addition being constructed at the Edwin M. Knowles pottery. The new structure is being built directly in the rear of the office building in Grant street, close to the warehouse.

PALE, WEAK, NERVOUS

The Condition of Many Men, Women and Children.

To be well and strong and to have a good healthy color, be sure to try the real iron tonic Peptiron by which many men and women have been greatly benefited. Peptiron is an excellent combination of iron and manganese with nux, celery, pepsin and other tonics and digestives, and is made with special references to the needs of pale, weak, nervous sufferers. It is both medicine and food for the blood and nerves, and is signally effective in the treatment of anemia and neurasthenia.

Restrictions On Use of Gas

The cold weather snap, which developed Thursday, caused a restriction on the use of gas for industrial purposes in Newell. Newell manufacturers were notified Thursday morning by officials of the Manufacturers Light & Heat company to light no further kilns until given permission to do so. Operations at the plants, however, will not be affected for some time even though the ban on the use of gas should continue.

Birthday Party

In honor of his 17th birthday anniversary, Floyd, son of Rev. and Mrs. Jesse L. Deeds was tendered a pleasant surprise, Wednesday evening at the First Methodist Episcopal church parsonago here.

Twenty-eight guests mostly high school students gathered for the evening, spending the hours in music and games. Luncheon was served by Mrs. Deeds.

ONLY TWO NO-HIT PITCHERS BOB UP IN 1919 CAMPAIGN

Ray Caldwell, batting, and Hod Eller.

While the major league campaigns the past season produced some mighty thrilling baseball, only two no-hit games were hung up by the pitchers in both leagues. The honors were divided. Ray Caldwell pitched one hitless game in the American league and Hod Eller, Cinci shinepall star, tossed a no-hit game for the old league. Caldwell, with the Indians, held the Yankees hitless September 10 and Eller baffled the Cardinals May 11.

THREE PLAYERS TIED IN BILLIARD TOURNEY

CLEVELAND Nov. 14.—Three players were still tied today in the national three-cushion billiard tournament. McCourt, Jaskson and Cannefax have each won four games and lost one. Jackson last night defeated Gillette 50 to 31 in 49 innings. Cannefax trimmed Denton 50 to 31 in 5 1innings.

HIGH HONORS GIVEN FORMER Y. M. ATHELETE

WHEELING W. Va., Nov. 14.—One of the highest American honors possible to bestow upon an American citizen by the United States government was that tendered to Arthur E. Marriott, former athletic director of the Y. M. C. A., of this city, who has been named physical director of the Greek armies, and who will be stationed at Athens, Greece.

Mr. Marriott's wife was, before her marriage, Miss Mary E. Claytor of the East End, this city, a daughter of Deputy Sheriff and Mrs. Alfred Claytor, and she will leave for New York City to join her husband, who now is awaiting her there. Mr. and Mrs. Marriott will sail for Europe the first part of next week.

Prof. Marriatt was born in Bridgeport, Conn., and when the war broke out he took up the athletic instruction work with the government and was sent to Camp Sever, Greenleaf, Ga., where he worked for quite a while and later was transferred to Memphis, Tenn.

He was sent over early in the war and for a period of fifteen months was director in charge of athletics of one of the U. S. army divisions outside of Paris. His work was so satisfactory that following the signing of the armistice he was asked to write a number of articles on the training of soldiers and it is understood that Greece asked that he be loaned to that country to aid in the training of her soldiers.

FRENCH ERECT MAMMOTH STONE CROSS AS MEMORIAL

SUIPPES, France — A mammoth stone cross, the largest of its kind in France, has been erected as a monument to all those who lost their lives on the battle field between here and Souain, from which the French started their last drive to dislodge the Germans from French soil. American troops "jumped off" just to the right of this battle ground for the drive to the Argonne and up the Meuse.

The large white cross can be seen for miles, having been erected on the highest point of the battle field. It stands in the midst of hundreds of smaller crosses, marking the graves of officers and men of the Twenty-eighth French brigade, which started the attack at this point.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite Influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

VETS WILL PLAY SPEEDY ELEVEN

Quarterback Will Probably Be Out of Game, Resting Up for Final Play with Antlers.

"The fastest 150-pound team in the lower Ohio valley.'

That's the way the Wellsburg Imperials have been tagged by nearly a dozen oponents so far this season, all of whom have been victims of the West Virginia team's prowess.

"The Imeprials,' said Captain Art Smith, of the Veterans of Foreign Wars, "are going to slacken up considerable next Sunday afternoon at Columbian park. We expect to bring them down to low, out of high, and if we're feeling good, we'll show them the way to reverse.

That's the way the majority of the Vets feel about it.

In all probability Ted Hunselman will start the game against the West Virginians Sunday afternoon. Quarter Kapp, who has been off his stride for the past several games, on account of an injured arch, will likely be out of the game Sunday. He expects to stay out of the game for several weeks at least. He wants to go against the Wellsville Antlers and will keep himself in good condition until that struggle pops on the schedule.

The remander of the Vet backfield will be intact, with Smith at full, and Moore and Wheatley on halves.

GRANDS FACING TOUGH BATTLE

Lisbon Independents, with Former High School and College Stars at West End Sunday.

Even though the "frost is on the pumpkin,' etc., and its mighty cold every evening, Joe Sullivan's Grands are nothing daunted and continued hard work every night at city park in preparation for the game Sunday with the Lisbon Independents, at West End park.

Sullivan has a standing call for practice which means every night. The Grands will wind up their work for the week with a final session Saturday afternoon at 4:30 o'clock in the city park..

The Grands are expecting to put the regular lineup on the field against the county seaters. All the cripples who have been unable to play for the past few weeks will be able to don their togs again.

Mandy will be on left end; B. Smith, Willis or Osterhouse, left tackle; Creal left guard; Calhoun, center; Daughty or Bock, right guard; C. Smith or Manypenny, right tackle; Golding or Hickey, right end; Plant, quarter; left half, Sullivan; right half, O'Brien; full Tuttle or Connell.

That lineup looks much better than the aggregation that went against the Unions of Wheeling here last Sunday. Tuttle is a well known professional football player having been with the Youngstown Patricians for several seasons. He played a tackle in the Grand-Vet game.

Everything is in readiness, states manager Callahan, for the contest, which will be one of the classiest on the Grands, schedule this season.

The county seat aggregation is composed mostly of 1914-1915 Lisbon high school stars. They need no introduction to the football fans of the city.

Roy Easterday former University of Pittsburg halfback, may be seen in action for the visitors. Nace, fullback; Applegate, Porter and quarterback Evans, one of the classiest football players in this section of the country. All of the above named players were with the famous 1914 Lisbon high school outfit.

ELECTRIC FAN USED TO KEEP HOME WARM

DETROIT, Mich.—An electric fan is being employed by President Dustin of the Put-in-Bay steamship line, to keep his office warm these cool fall days.

Last winter Mr. Dustin found that the office was uncomfortably cool, although there was a good fire, and he set out to discover where the heat went to. He found that the air in the room at the ceiling was thirty degrees warmer than the air four feet from the floor.

As an experiment Mr. Dustin set an electric fan on the floor and directed the current of air toward the ceiling. After the fan was in operation for a short time he found by consulting his thermometers at the floor and at the ceiling that the temperature of the room was practically the same thruout.

He was getting the full benefit of the fuel consumed, Mr. Dustin has equipped all the large rooms in his residence with an electric fan.

OHIO STATE STUDENTS BREAK UP TROLLEY

COLUMBUS, Nov. 14.—Celebrating the start of Captain Chic Harley's football team for Wisconsin, about 100 Ohio State university students took possession of a High street car, after subduing the crew and making all passengers get out.

The trolley rope was cut, windows broken, window sashes torn out, wires jerked loose, doors smashed, operating levers thrown away and electric light bulbs, taken from their sockets, were broken on the floor or street.

Only one arrest was made, Russell Karns, aged 22, student, who was accused of pulling the trolley off.

SWEETHEART'S SWEET TOOTH CAUSES THEFT

NEW YORK—His sweetheart's craving for sugar and his inability to get it by honest means led to the arrest of William Valentine, aged 19, of this city. Valentine was arraigned before Magistrate Ten Eyck on a complaint made by William Cerney, a watchman at a candy factory. Cerney said he saw Valentine leaving the factory with ten pounds of sugar and a three-puond box of candy. According to the policeman who arrested Valentine, the latter said that when he returned from France a short time ago he brought some lace and other souvenirs to his sweetheart. She did not like these, he said, and insisted he get some sugar for her. After a futile effort to purchase the sugar, he, according to the policeman, resorted to the candy factory.

FANS WILL SEE BULLDOGS PLAY

Many East Liverpool fans are planning to attend the Canton-Massillon football classic next Sunday afternoon at Canton. The engagement is expected to draw hundreds of fans from this section of the state.

Those who saw the 3-0 victory scored by the Tigers of Cleveland over the Tigers of Massillon, Tuesday in the Sixth city, both teams being contenders for the professional title held by Canton can testify that football scores do not always reflect merits of the performing elevens.

Massillon's defeat was Cleveland's decided gain in the scramble for 1919 honors and now the Bulldogs will have to work all the harder to take the two game series from the westenders who on Tuesday played better football on the offense than did Cleveland, and who on Sunday make their first invasion of Canton to meet the big Red machine Thorpe is getting into shape for the test of tests with the Tigers.

Cleveland dropped the first game of the Massillon series 3-0, several weeks ago. The victory yesterday tangles the general situation more than it was after the Canton-Hammond 3-3 count last Sunday at Chicago. But, above all, Thorpe's troupe continues to stand out as legitimate titleholders with an undefeated slate something that neither the Tigers of Massillon, Tigers of Cleveland, Hammond, Ind., or the Indians of Akron can boast.

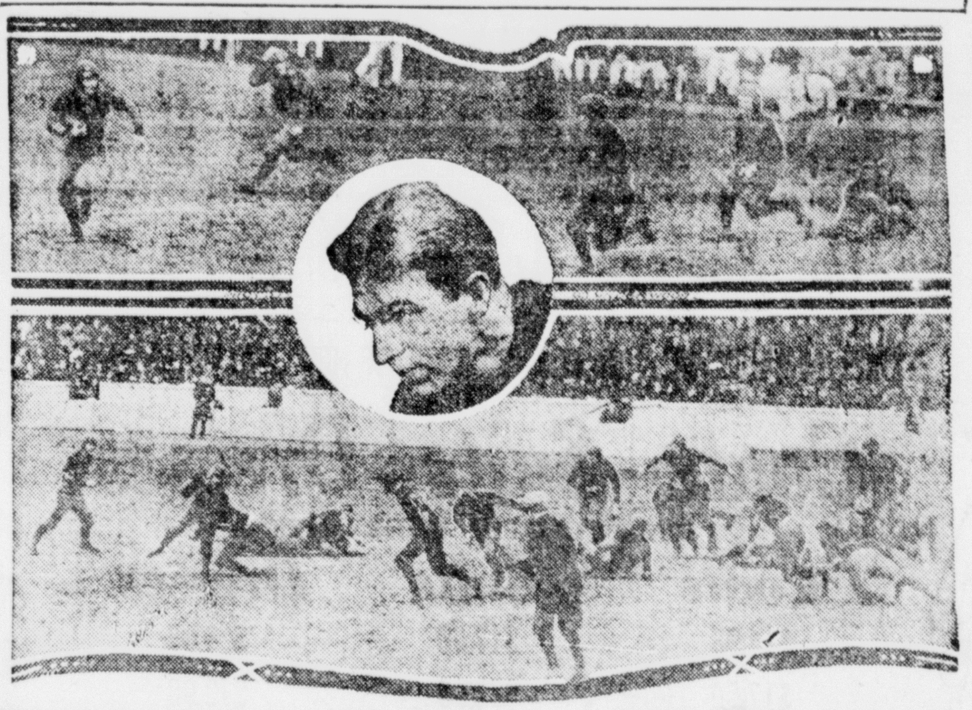

Every Bulldog player assisted in swelling the Canton delegation at the Massillon-Cleveland game. The Red and White as a result of that contest is saying nothing but looking terribly wise. Thorpe declined to make any statement regarding the outcome of the battle fought by the Tiger teams. He did say that the Bulldogs will be "pepped" to a high degree for the Massillon game Sunday, and this probably is a case that a word to the wise is sufficient.

Massillon should have won, say the Bulldogs. The westenders had the "breaks' of the game but couldn't put the ball over for a touchdown. Cleveland held for downs within 18 inches of the chalk-line stopping Massillon on four plays. Halfback Gougler had an offday at field-goal kicking for Massillon. Cleveland did not make a first down, and did not try a forward pass. Massillon made four first downs and worked three of five forward passes for of yardage of 20.

Desperate defensive work in the last minute of play saved the Cleveland Tigers from defeat. After Cleveland had made it 3 to 0—halfback Gordon having made a field goal in the third quarter with a series of fierce line attacks which carried the ball to Cleveland's 1-yd line. Cleveland braced and held like a stonewall.

Gougler Massillon's kicking wonder, made five trys for goals from the field and failed each time.

THE THRILLS THAT MAKE FOOTBALL A GREAT GAME

Halfback Trimble of Princeton being tackle after run, below, and circling Harvard's left end for touchdown, above. Inset is of Casey, Harvard star.

The picture above, snapped at the recent 10 to 10 battle between Princeton and Harvard, shows the tense moments in the grid game that has made it one of the major sports. Both pictures were taken in the first quarter when Princeton was battling toward Harvard's foul line. Trimble, Princeton's halfback, lead the attack. The lower picture was snapped as he was being tackled after a gain of fifteen yards on a fake kick formation. The camera has caught 18 of the 22 men in the game and every one shown is in action, many of them off their feet. Those down have "got" their men. Others can be seen picking off Trimble's remaining defense man. This play happened a few seconds before Trimble again took the ball and by a spectacular run, eluded the whole Harvard team and scored a touchdown. With the ball under his right arm he is shown, in the upper picture, ready to "straight-arm" the next tackler. Casey was Harvard's big hero, as usual. His terrific line plunging and his fearless open field running, saved Harvard from defeat in the last quarter.

BRIGHT SPOT IN THE DAY'S NEWS

The state and weather were both dry—at least figuratively—but he was drinking.

His actions proved it.

In lieu of a football, he placed a foot on the curb at High and Broad streets, Columbus.

"Look at the people—lots o' people, fine day—the air's intoxicating—where's everyone goin'—so fast" the crowd heard him say.

"Call the wagon, officer," was a shout which came from the crowd.

"Aw, he's alright. We feel the same way—it's the good ole jazzy atmosphere," responded a chorus.

He was drinking—but it was undiluted ozone.

U. S. SHIPPING COMBINE HAS MONOPOLY OF FIUME TRADE

GENEVA — The Gazette de Lausanne says that an American shipping combine with a capital of $35,000,000 has already secured a monopoly of the transport trade of Fiume, with the object of dominating commerce in the Adriatic.

Another American company, it is added, has just obtained for fifty years' exclusive administration of the Jugo-Slavian railways, while the Standard Oil company, which failed to obtain from the Rumanian government the exclusive control of Rumanian's petroleum mines, has succeeded in obtaining from the Czecho-Slovak government practically a free hand in that county.

STABBED BY CATFISH

BEAVER CITY Neb.—John Bridgewater, a high school student, was stabbed in his knee by a large catfish a few weeks ago while swimming in the Republican River.

The boy at the time paid little attention to the injury, but the other day while playing football he was seized by a violent pain.

A surgeon removed a large fish horn from Bridgewater's knee.

SPORTING GOSSIP

From the Alliance Review (Sebring correspondent)

"SEBRING, O., Nov. 12.—Before the largest crowd that ever witnessed a football game at West End park, East Liverpool, the Sebring Tigers won a hard fought game 6 to 0 from the Veterans of Foreign Wars at East Liverpool, Tuesday afternoon. The field was in bad condition, owing to recent and was certainly in a terrible shape, mud and water at places knee deep was encountered. Despite all besetments the game was a good and red hot one from start to finish but added another game for the undefeated team. The stars in the game were Hogue and Barnes, but all deserve credit."

And the Sebring Tigers added another game to their spotless record. They are good mathametic ians.

Reports circulated recently to the effect that Tommy Griffith, right fielder of the Brooklyn club, had announced his retirement from baseball, is confirmed by news from Cincinnati, where Tommy makes his home. The silver toned outfielder, it seems, has accepted a position in a bonding company which has its headquarters in Chicago, and is so much engrossed with his new duties that he is certain the national game will have lost its old lure for him when spring time comes again.

Griffith is thirty years of age and a native of Prospect, Ohio, which he has made his home for the last few years. He first stepped out as a professional ball tosser with the New Bedford club of the New England league in 1909, and remained with that club until 1913, when he was sold to the Braves for $1,300. Tommy hung on in Boston until George Stallings began weeding out surplus players in his squad early in 1914, before the Braves began their great rush which took them from last place to the championship of the world.

Released to the Indianapolis club of the American Association, Tommy flashed a brand of ball that stamped him as a most promising young man, despite the judgment which Stallings had passed upon him, and in the late summer of 1914 he was drafted by Cincinnati. The young man, with the straw colored hair and the best voice to be heard in the major leagues since the retirement of Marty McHale, wore a Red uniform until last winter, when he was traded to the Robins in the deal that took Jake Daubert to Redland and that precipitated a talking match between Billy Kopf and Colonel Ebbets.

At the start of his career Griffith was a pitcher, but he switched to the outfield, probably by request before he left New Bedford. He was, and still is, a good outfielder and a good hitter. He has played the game well and retires from it with the well wishes of the fans in every city on the National league circuit.

The retirement of Griffith may mean that Jimmy Hickman will receive an opportunity to play regularly in the Robins' outfield next season. Jimmy has been around for some time, but never has had a chance to show just what he can do over an extended period. There is no question about his fitness, for major league company so far as his defensive play is concerned, but he always has been a weakling with the stick. Were he permitted to play regularly he might hit up to the standard, for a player who spends most of his time warming the bench cannot be expected to hit well on occasional trips to the plate. The choice for the berth—unless Wilbert Robinson obtains another player—lies between Hickman and Jimmy Johnston, who was used extensively in the infield last season.

"JAZZ" WATER WHEELS WILL SCARE BEAVERS

Denver — The use of "jazz water wheels" is being urged by State Game and Fish Commissioner R. G. Parvin in replying to requests of ranchers who are seeking permission to shoot beavers that are causing much damage to farm property in various sections of the state.

Parvin declares that water wheels with tinkling bells do excellent service as "scarecrows" and will keep the beavers away.

The skins of the amphibious rodents are very valuable at this season of the year, and Parvin things the desire on the part of many for permission to kill the beavers is attributable to this fact.

CANTON—David Dunkin has been sentenced to from one to seven years in the state penitentiary on the charge of stealing $50 from the Woman's Missionary society of North Lawrence, this county.

WEEK'S REVIEW OF MARKETS

Stocks.

The prediction that higher discount rates as the first step toward deflation of credit, suggesting the likelihood of further measures, would lay permanent restraint upon the market, limit speculation and start a downward movement, was partially fulfilled by the sudden break which occurred simultaneous with the rescinding of the coal strike order. The market has long been deeply influenced by labor unrest, with money a minor, though persistent factor. Now it appears that monetary resctrictions will have a more important bearing upon transactions and perhaps exercise a dominating influence. The outlook is for an irregular market, featured by sudden spurts and declines. High call rates in the past have usually failed to check speculative activity greatly while the trend was upward and the chance afford to make profits. But today the federal reserve board's attitude may offset the mania for speculation.

Some authorities have prophesied a crash with inflated values pricked like a balloon. Brokers' loans recently were estimated at $2,000,000,000 and are deemed overextended. Call rates have been extremely high at times. Yet the momentum upward may continue for some time. Reaction will begin when public confidence in further profits earned with money at exorbitant rates is shaken.

Grain.

Many factors have influenced the grain market of late. Chief among them were light receipts of corn. Cars have been scarce in the corn belt, but with more ordered thither it is believed the situation will ease greatly in the near future. Prices have fluctuated rapidly and within broad limits, comparatively. Trade has been light. The strained industrial situation has made the market nervous. On the bear side, Manchurian corn has been ordered and the car permit system modified temporarily, the miners have rescinded their strike order and Secretary Houston has come out with statements suggesting lower prices. In favor of the bulls were light receipts and rainy weather. It is believed the farmer is willing to release his holdings and is anxious to finish husking. Oats have displayed some dullness is not very pronounced. The independent strength. Country offerings have been light. Some oats have sold for export at seaboard, but this factor had little bearing on the market. Outside interest, especially, is lacking.

Live Stock.

Live stock centers have been swamped with record hog runs. Breaks in price have followed. While it is believed the packers are bearish as a whole, trade competition has been fairly brisk with some urgent buying. Packing hogs, especially, have ruled strong. Growers apparently feel confident of their position. In the cattle market, small receipts have furnished healthy support. While the supply of common and in between grades has been excessive on occasion, good stuff has been scarce. As a result prices have touched new records.

A heavy crop of western lambs has recently been liquidated. The market broke under its pressure. Trade has been rather brisk at times with quality poorer. Feeders and breeders have bought well. Thin lambs have met good demand from the country.

Cotton.

Traders have entertained diverse views as to the advance in cotton of 80 points within 30 days. Majority opinion feels that it is well sustained, but while some critics foresee continued gains this winter and talk of 50 cent cotton, others advise caution, believing that the movement will soon lose momentum. Spot middling has sold in the neighborhood of 45 cents and the shortage of good grades has been fairly marked. Increasing exports are considered probable now the Edge bill is virtually law. The goods trade is flourishing and demand is sure to be insistent. Rescinding of the coal strike order, promising an abatement of industrial unrest, proved a strengthening influence, as might have been expected, and prices advanced sharply. It now seems as if the labor crisis may have passed, leaving the nation free to enter a period of well-ordered prosperity and progress. Crop and spot advices, taken generally, are still bullish. On the bear side restrictions upon call money and unsettlement in the stock market at times have created uneasiness and produced irregularity in prices. The stock market has been more affected by the stock market—and that bearishly—than at any previous time for months.

Wool.

Wool prices in England and elsewhere have shown a distinctly upward tendency of late, and even in American markets, a better tone prevails, although the change from quiet and government resumed its auctions of clothing wool Monday, Nov. 10, with fine and half-blood wools much in demand. At two recent government sales a large percentage of the offerings were taken at satisfactory prices. The London sales have shown increasing strength. Dealers and importers consider the American wool market the lowest in the world. Woolen textile machinery now employed has reached the year's high point. Only eight per cent of all preparatory machinery stands idle.

Metals.

Termination of the coal strike gave the iron and steel industry fresh impetus. Little difficulty has been experienced for want of coal, but the outlook was admitterly dark. Slow but steady improvement in conditions as affected by the steel strike is reported. Prices for immediate delivery continue strong. No change in prices that govern forward bookings has occurred, but a general price movement upward is not improbable. Foundry and malleable iron sales have been a prime factor in the Pittsburg market. The eastern scrap market has been active with prices tending upward.
